Topics

1. Minutes of Last Meeting

The minutes of the previous meeting (10/12/10) were sent to the participants and have been approved.

2. Action List

Review of the action list.

3. Status of the Test Installation of Web-based Exchange Platform (S. Chilingaryan)

Andreas Kopmann and Suren Chilingaryan set up the UFO web page with the excellent address www.ufo.kit.edu.

Suren Chilingaryan presents the exchange platform called "trac". This system is accessible via the link <http://www.ufo.kit.edu/ufo>. The participants have to register for write access to the wiki based pages.

S. Chilingaryan administers the pages. Questions are backup mechanism, supervising read and write access.

4. Proposal "Determination of Performance Requirement" (T. Weiss)

Thomas Weiss itemises diverse application areas of UFO:

- Zebrafish Sampling
- Catalyse
- Laminography
- Tomography
- Failure Analysis
- Culture heritage and fossils

Thomas will complete his document at the end of this year. A brief discussion will take place at next meeting in January.

5. Proposal "Functional Specification" (T. d. S. Rolo)

Rolo presents computer schematics of the planned mechanic system. He shows the setups of the tomography, laminographie and the detectors. Hopefully the presentation will be available on our trac page, soon. (Meetings)
