

# Minutes UFO Meeting

Date of meeting  
14<sup>th</sup> March 2011  
Matthias Balzer

## ***Participants***

T. dos Santos Rolo, T. Farago, Yang Yang (ISS)  
M. Balzer, U. Stevanovic, M. Caselle (IPE)  
M. Vogelgesang (IPE)  
V. Reznichenko (TPU)

## ***Topics***

### **1. Minutes of Last Meeting**

The minutes of the previous meeting (21/02/11) were put on the TRAC system and have been approved.

### **2. Presentation of refined WP schedule (all WP Leader)**

Tomy gives an overview about the WP. (TRAC)

### **3. Presentations**

Tomas Farago presents his activities in the field of "Beamline Control System". The second talk is given by Matthias Vogelgesang. The title is "Camera Abstration". Both presentations are available on the TRAC.

### **4. Annual project report**

All WP leaders are informed about the request for the annual project report. The report consists of one administrative and one scientific part. The dead line is the 30.4.2011. The administrative part is handled by E. Walter, C. Buchwald and M. Balzer. The scientific part will be written by the WP-Leader. A meeting will be organized by M. Balzer.

### **5. Main topic of next meeting**

The WP-Leader Thomas Weiss will present a more refined work plan. Michele Caselle gives a proposal for characterization of detector systems.

### **6. Further topics**

Short Feedback of the GUI meeting (Suren Chilyngarian).  
Result of the meeting about investments (Thomas Weiss and Tomy dos Santos Rolo).

### **7. Misc**

Tomy points out the progress of the detector laboratory at ANKA. The lab could be available at end of March in best case. The lab can be used for characterization of detector systems (i.e. IPE Camera).  
Date for mechanical requirements for the IPE camera at the beam line environment.

### **7. Next Meeting on the 28<sup>th</sup> March 2011 in Building 242, Room 413 at 14:00 (s.t.)**
