

# Minutes UFO Meeting

Date of meeting  
23<sup>rd</sup> May 2011  
Matthias Balzer

## **Participants**

(ISS)

M. Balzer, U. Stevanovic, M. Caselle (IPE)  
S. Chilingaryan, A. Kopmann, H. Pasic (IPE)  
V. Reznichenko (TPU)

## **Topics**

### **1. Minutes of Last Meeting**

The minutes of the previous meeting (06/05/11) were put on the TRAC system and have been approved. In future the minutes will be sent to the members of UFO project.

### **2. Status Camera Characterization**

The dark measurement will be done in IPE laboratory.

The setup of the detector lab is not completed. The IPE mechanical workshop provides some parts.

The responsible persons for the three cameras are:

Uros IPE Camera

Matthias V. Pco.Edge

T.b.d. until 6.6.11 by Tomy Photron

The schedule for the beam line measurement has to be clarified. Vladimir will ask Tomy.

### **3. Status Image Beam Line (Tomy d. S. Rolo)**

Tomy is not present on the meeting.

### **4. Talk about Software Framework (Matthias Vogelgesang)**

Matthias gives a talk about the last activities and the cooperation with Anton Myagotin. His talk is available on TRAC.

### **5. Misc**

Master Thesis:

Suren and Matthias Vogelsang have put different theses on the TRAC.

The other theses should be put into the system as soon as possible (ASAP).

Conference System:

Suren, Matthias and Anton have used the EVO system for online conference. We should discuss if it is necessary to buy a professional conference system. Such systems are available in the SCC and can be booked.

### **6. Main Topic and Date of Next Meeting**

Status Mechanics of Image Beam Line (Tomy d. S. Rolo).

The next meeting is on the 10<sup>th</sup> June 2011 in Building 329, Room 305 at 14:00 (s.t.).
